

# HOLLYWOOD 4 BLACK LIVES

## PROVE BLACK LIVES MATTER TO HOLLYWOOD

---

In light of continued systemic, brutal murders of Black people, members of the Black community in Hollywood are standing together with the Movement for Black Lives, Black Lives Matter, and a coalition of community-based organizations from all over the country to put together a letter and a list of demands calling on Hollywood to take steps toward true a commitment to inclusion and institutional support.

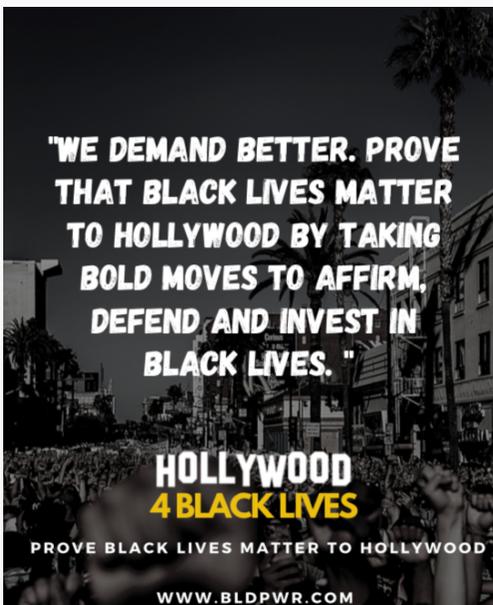

### HERE ARE OUR DEMANDS:

- Divest from the Police
- Divest from Anti-Black Content
- Invest in our careers
- Invest in anti-racist content
- Invest in our communities

Because Hollywood has been a huge part of the problem, we demand it also be a part of the solution. We call on our industry leaders, colleagues, and allies to prove that Black Lives Matter to Hollywood by taking bold moves to affirm, defend and invest in our communities.
